Biotinylated Human Cystine/glutamate transporter (SLC7A11) Nanodisc Protein

Catalog # SLC7A11-HB001

Product Details

Product description	Biotinylated Human Cystine/glutamate transporter (SLC7A11) Nanodisc Protein is a full-length multi-pass membrane protein presented in a Nanodisc format for antibody discovery, binding assays and method development. Recombinant Biotinylated Human Cystine/glutamate transporter (SLC7A11) Nanodisc is expressed from HEK293 with His tag at the C-terminus. It contains Met1-Leu501 (accession: Q9UPY5).
Molecular aliases	Cystine / glutamate transporter; xCT; SLC7A11; CCBR1;
Expression system	HEK293
Endotoxin	Less than 1 EU per μg by the LAL method.
Formulation	Supplied as 0.22 μm filtered solution in PBS, 200mM L-arginine (pH 7.4). Notice: Not recommended for flow cytometry in mammalian cells.
Storage	Valid for 12 months from date of receipt when stored at -80°C. Aliquot where appropriate and minimize freeze-thaw cycles.
